## HELP WANTED-MALE

AEE YOU keeping posted on the rapid strides being made in radio? The great majority of people have very little appreof the size of the wireless indus first ance cables will ever again be laid, as distance cables will ever again be laid, as wireless telegraphy is now efficient for all telegraphic purposes. Can you not picture in your mind the prospects opening up for any one adopting radio as a profession? Our commercial fleet under the American flag now represents over one-fifth of the seagoing tonnage of the world and is seen in all ports. Many business interests all ever this country are now preparing and contemplating preparations for the installation of wireless on account of the great saving as compared with cost of long-distance phone or wire telegraphy. Thouistance phone or wire telegraphy. Tho sands of operators will be needed in addi-tion to the present demand and by law none but a government first-grade commercial li ensed operator is permitted to hold these positions. In our opinion the small numer of men in this country now holding ber of men in this country in the de-first-grade licenses will not supply the de-mand by many thousands, with the result fice. that the salaries paid operators and inpectors must necessarily be high. Our pusifiest is to qualify you to pass the government examination for the license in adfition to giving you a good, practical course in the art so that you will be able to take charge of a station without additional training. Instructors on our staff are all practical government licensed men of long experience and our school the largof its kind in America, fully equipped and substantial firms in the in up-to-date apparatus, which is contify being added to at great expense. Your present connections, as range from \$110 per month and expenses tive the up to \$3,500 per annum. Classes either times. ers starting Monday, 17th. May we not serve you? SERVICE RADIO SCHOOL live wire school for wireless," 982 Po.
